Permit to Carry Handgun Training Course

Alexandria Technical College is sponsoring an eight (8) hour BCA approved permit to carry handgun course.

Participants will be instructed in:

- Minnesota statutes governing permits to carry
- Handgun basics including care and maintenance
- Types of ammunition
- Handgun safety
- Shooting positions
- Use of deadly force scenarios

Participants will spend time on the college's shooting/use of force simulator which will put them in simulated use of deadly force situations. Live fire shooting will be conducted in an indoor range.

Participants will need at least 100 rounds of factory new ammunition for the training and course of fire. Make, model, and caliber of handgun to be used will be needed at time of registration to be sure it conforms to the range standards. Participants need to have ANSI approved hearing and eye protection.

Your instructor is Scott Stumpf, a currently licensed peace officer since 1986 and a law enforcement firearms instructor since 2002.

Accommodations

If you need a reasonable accommodation for a disability (e.g., wheelchair accessibility, interpreter, audio tape, or large print materials), such an accommodation can be made available upon advance request. Please contact Customized Training at 320-762-4510 as soon as possible. This flyer is available in alternative formats upon request.
